MY CONTACT DETAILS
Information
1. Programme

In the Programme section you can find the full programme of the event. You can also click on to add one/several session(s) directly in My schedule (Personal Agenda).
1. Programme

When selecting a session, you can click on the bottom right of the page to open a chat box to interact with other participants or ask questions about the session.
2. My Schedule

You will find your personal agenda under My schedule. You also have the possibility to export it to your calendar or download it as a pdf.
You will find the participant list under Attendees.
A matchmaking algorithm identifies the best matches and suggests who to meet.
The more complete your profile is, the more efficient the matchmaking will be.
3. Attendees & Networking

If you want to chat with an attendee, send him/her a connection request. They will have to accept it in order for you to be able to send them a message on the chat.

You can also set up private video call meetings with an attendee, depending on his/her availability.

You can manage your availability for appointments under the tab My schedule, by clicking on My meetings. You can make yourself unavailable for a certain slot, or for the whole day. If another participant wants to setup a meeting with you, you will receive a request, that you can accept or not.
4. Coffee Lounge & Help Desk

You can have an open discussion with all participants by clicking on the tab Coffee Lounge during the breaks or during the event.

If you encounter any problem on Swapcard, you can click on Help Desk and write a message.
